COMMUNICATIONS FROM THE CITY PLAN COMMISSION

The Common Council of the
City of Fort Wayne
City-County Building
One Main Street
Fort Wayne, IN 46802

Gentlemen and Mrs. Bradbury:

Attached hereto is the recommendation of the City Plan Commission on one (1) ordinance concerning the amendment of the Zoning Ordinance (General Ordinance No. G-06-80, amending Chapter 33 of the Municipal Code of the City of Fort Wayne, Indiana, 1946.) The proposed ordinance is designated as:

Bill No. G-89-02-10

Respectfully submitted,

CITY PLAN COMMISSION

Certified and signed this
23rd day of February 1989.

Reference or Case Number

a. Amendment to Section 33-14 O (2) of the Municipal Code, adding Day Care Center as an ancillary use in a Professional Office District.

Greg Purcell, Director of Community Development & Planning stated that this amendment is in regard to the Planned Office Districts and specifically with regard to Day Care Center. He stated that basically this item comes up by virtue of a prior decision that staff made in consultation with Plan Commission's attorney, that Day Care Center's are an allowable use in the Planned Office District. He stated that staff felt this is an appropriate interpretation of the ordinance. It is however a new interpretation, and he felt it was one that is consistent with what we find in the marketplace today, where we often have two income households and day care is a service that is frequently needed and providing it at the office is often something that is not only convenient but very marketable. He stated that with the new interpretation the staff suggested that it would be appropriate to amend the ordinance to make a day care center as an ancillary use only in the Planned Office District area to prevent that interpretation from establishing a situation where we would have the day care center as the primary or perhaps only use in a Planned Office District area. He stated that by the Commission's recommendation and Council's approval, it would allow it in a POD only when it is ancillary to the overall purpose of the office district.

Yvonne Stam questioned if the term Day Care Center was specifically defined somewhere else in the ordinance so that there would not be any confusion between the kind of center that I suppose we are talking about as opposed to Aboite Child Care or Kinder Care, as opposed to a day care home.

Greg Purcell stated there is a distinction between a day care center and a day care home.

Wayne O'Brien stated that both terms are defined. He stated that they are defined based on the number of children that are not related to the operator and also whether or not the operator has an assistant. He stated that they do require State certification.

John Shoaff questioned if the staff had discussed other types of ancillary uses that maybe should be incorporated into the Professional Office District.

Greg Purcell stated that they have not gone into detail but if the Commission had some interest in that area the staff certainly could do more exploration on the subject.

John Shoaff stated that his reaction was that maybe there should be a little more flexibility built in so that these things could develop.

There was no one else present who wished to speak in favor of or in opposition to the proposed amendment.

COMMUNITY DEVELOPMENT AND PLA

MEMORANDUM

TO: Plan Commission Members

FROM: Greg Purcell, Director, Community Development and Planning

SUBJECT: Amendment to the POD District to Allow Day Care Centers as an Ancillary Use

DATE: June 15, 1988

Attached for your consideration is a draft of an ordinance amending the POD zoning district to allow day care centers as an ancillary use. In consultation with our legal counsel, we determined in a recent development plan (Case #88-17), that a day care center is an eligible use under the Purpose section of the ordinance. While this is a new and somewhat unique case, I think this interpretation is consistent with the changes in society today with two-income households needing day care service which is often more conveniently provided within an office complex setting.

To avoid a future proposal that a day care center could be the primary use in a POD district, we are recommending the adoption of the attached ordinance amendment which clearly states that a day care center is a permitted use, "...providing that such use is clearly ancillary to the Professional Office District, and does not detract from or alter the character of the overall development."

We hope the Plan Commission will approve the proposal as drafted, as such language would limit possible confusion and set guidelines for development. CD&P staff will be happy to answer any questions you might have about the proposed ordinance amendment at the public hearing.
